Thurston]

Patti wants what she can not get

which is you my secret secret pet

knock down, down to first base

and I will chase you down to the space

ah, I know

ah, what you know

ah, play back

ah, play slow

Patti will never give it up

and she knows that I will never stop

teach me how do you make love

I kinda know how much you are rough

ah, I know

ah, what you know

ah, play back

ah, play slow
