#### Verse 1:

Here I go again  
Hope that you can help unleash the light  
Fire dancing, crystal stars  
Holding hands with our hearts  
Drawn to your unknown world  
Feelings overflow  
From your words to my soul  
Desire takes control

#### Chorus:

Screaming out for love  
And it's taking me higher  
Screaming out for love  
And it's taking me higher

#### Verse 2:

Always in a rush  
Staring at this clock that never stops  
Count the seconds till I see you again  
And fall back in your arms  
Drawn to your unknown world  
Feelings overflow  
From your words to my soul  
Desire takes control

#### Chorus

#### Bridge:

Read Between the lines  
Cuz it's obvious that I'm blind  
Live without your love  
Living life in rewind

#### Chorus
