Another man has seen the light come crossing right his
way
He found the one, he found his wife
Took her by mistake
Time passes and the days go by, the fairytale is at
ease
For better or worse lights slowly cease

He said pleaseÂ... Let me open up
Let me open upÂ...
The end

A womanÂ's heart has seen the light come crossing
right her way
She found the one, she held her son
Praised him all his days
Time passes and the days go by, alone now he can
breathe
For better or worse that child was me

I said pleaseÂ... Let me open up

I'm gonna drop this life, forget your name
I'll even cleanse my soul and bleach my hate
Not gonna waste more time to find a lover
Ain't got no lifetime to hate no other

Just gotto learn to live in a warm safe place
Escape the side of life where my candy is rage
Go round the clock, the light, the holy flower
Leave the pain behind and build a future

I said pleaseÂ...
