This is who we are!

Nothing you say or do  
Will make me change for you  
No, I won't change for you  
I won't change for you

I won't change for you  
We do this for ourselves  
Don't make another mistake  
Don't run your mouth

I can't believe that I felt for this so blindly  
Conscience can't help you do right by me  
Been down that road before  
And you'll be damned if I'd run through that again  
I'm done with all these games you play

I, I am, I, I am  
I won't stand for  
One more word  
Who are you to judge what's right?

I won't stand for  
One more thing  
You won't bring us down  
You'll never bring us down

I can see that you are hiding  
Playing games and undermining  
All you say is "I'm ungrateful"  
All you are is fucking shameful

You're a fake  
A fake, a fake, a fake  
You're a fucking fake!

I can't believe that I felt for this so blindly  
Conscience can't help you do right by me  
Been down that road before  
And you'll be damned if I'd run through that again

I'm done with all these games you play

Well, are you scared to be you?  
They're gonna throw up the lies you fed

Stand up, stand up, stand up, stand up!  
Stand, stand up, stand up, stand up!  
Stand the fuck up!
