Oh  
little baby  
sweet darling  
- he's calling  
he's calling -

I wanna tell you

Oh  
I seem to be falling  
- he's calling and falling -  
yes  
I do.  
- He's more than curious  
he really needs the stuff -

I look at you and I go boing-boing-boing.  
- He hasn't lost his touch  
a word can mean so much -

It's more than just a passing fancy.

Divine emotions come over me when you smile

- Oh  
when you smile  
baby -

A higher notion of ecstasy drives me wild

- Drive me wild  
drive me wild -

Oh  
I'm drowning this time  
- he's sinking  
he's sinking -

Since I got the taste of

Oh

your lips on my mind  
- he's sinking and thinking -

Hahahahaha!  
- She thinks the boy is nuts  
somebody she can trust -

I try to speak and I go ding-dong-ding.  
- He makes it sound so nice  
the girl's not made of ice -

Toto  
look I think she's melting.

Divine emotions come over me when you smile  
...

Divine emotions come over me when you smile

- I love the way you love me -

A higher notion of ecstasy drives me wild

- Come on  
dear baby  
dear baby -.

Divine emotions  
divine emotions.

Divine emotions come over me when you smile  
...
