Coward
Why are you frightened?
So quiet
I can barely hear your lies

Coward
Was it too hard for you
To simply tell the truth?
You are despised

Coward
Your mask is fading
Your weakness showing
Your fatal flaw

Coward
Do your thoughts haunt you
In silent darkness
Before your fall?

The cracks in you are starting to show
You will break before you bend
Get ready for your all time low
You will get yours in the end

Coward
Why are you crying?
So you feel empty
For what you've done?

Coward

Do your pills help you
To see more clearly
What you've become?

The cracks in you are starting to show
You will break before you bend
Get ready for your all time low
You will get yours in the end

Cry me a river

Cry me a river

Coward

You cannot break me
For through your weakness
I grow strong

Coward

You can never win
Because in the end
You know you're wrong

The cracks in you are starting to show
You will break before you bend
Get ready for your all time low
You will get yours in the end
