"Naked"

Awake aware alone
Lost and far from home
I walk without these walls
So there is less to fall

I am naked
I have nothing left
My bones are picked clean
And riddled with regrets
Nothing can touch me
I've nothing left to take
For I am naked
But I can never break

Bombarded by brutal events
Like the rays of a sun
Knocked to my knees
By the waves that continued to come
Each time I rise to my feet
I am knocked to the ground
But I am an element
Nothing can break me down

I am naked
I have nothing left
My bones are picked clean
And riddled with regrets
Nothing can touch me
I've nothing left to take
For I am naked
But I can never break

Link after link in a chain
Pulling hard at my limbs
The search party's lost now
The outlook is growing dim
Praying for wisdom
There's nobody left to impart
But I am an atom
And nothing can take me apart

I am naked

I have nothing left
My bones are picked clean
And riddled with regrets
Nothing can touch me
I've nothing left to take
For I am naked
But I can never break

I am naked
I have nothing left
My bones are picked clean
And riddled with regrets
Nothing can touch me
I've nothing left to take
For I am naked
But I can never break
