Of course I'll wait,
Course I'll wait for you love,
There's nothing else to do,
But to wait here for you,

Of course I'll take,
Of course I'll take good care of,
Everything yours and mine,
I'll be fine, we'll be fine

[Chorus]
And she's like sun and water
When she drowns me when I speak
And burns me in my sleep
And she's like sun and water
Oh she drowns me when I speak
And burns me in my sleep

This time and space and rhythm and pace that defines
me,
What's underneath it all,
It's what we'll keep on looking for,
So turn the page and read the things out loud now,
Now read what you want to hear, why all dusk has
clear,

[Chorus]
Well she's like sun and water
When she drowns me when I speak
And burns me in my sleep
And she's like sun and water
When she drowns me when I speak
And burns me when I sleep

Well hey where did my problems go,
Come on now,
Come on now
Forget I don't want to know,
Come on now,
Come on now
I see your face and that's all
Come on now

Come on now
There's not a care in the world
My world

[Chorus]
Well she's like sun and water
When she drowns me when I speak
And burns me in my sleep
And she's like sun and water
When she drowns me when I speak
And burns me when I sleep

So fall with me and grow from where both land
