"Boy, Did She Teach You Nothing"

Boy, wouldn't have it any another way
Ooh but boy, did she teach you nothing
But to try, to let her have it her own way
Just destroys, all your lovin

Without willing you to
Make mistakes that sink you
Wouldn't have it any other way
Oh any other way

Boy, ah don't get too carried away
Not to take, that away from you
Given time, oh we may find a better way
Ooh, but boy did she teach you nothing

Without willing you to
Make mistakes that sink you
Wouldn't have it any other way
Oh any other way

Bridge / Solo...

Without willing you to
Make mistakes that sink you
Wouldn't have it any other way
Without willing you to
Make mistakes that sink you
Wouldn't have it any other way
Oh, any other way
