[Intro: Ghostface Killah] Ayo Ne-Yo, wassup son, what it do baby? It's your boy Ghost, I need you to tell me something real quick Check the joint, I'm single, right? But you know I keep mad wizzes around me and all that You know, and I'm not one to be fresh and all that, but I got my eye on this one chick You know what I mean? And I don't want to be bothered by them wizzes like that, you know To have the chance to be up under my wing though You know what I mean? Lemme hear how you would handle the situation real quick, hit me [Ne-Yo] When I'm single, it don't really matter who it is Or how many I decide to kick it with Long as she can understand how I do it I'm a man with a very healthy appetite for chicks But when I settle down, find a woman to live for Still may be a couple cuties at my door Thinking we could get down like we did before And get mad when I tell them it can't be like that no more [Chorus: Ne-Yo] Girl, though I got a girl I just don't get down like that, I don't get down like that You fine, baby you's a dime I just don't get down like that, I don't get down like that [Ne-Yo] Understand baby girl I'm a totally new man I don't live to crush as many as I can No more, type of girl that changed my whole game plan She the one, she the one, only one that I won't sin And I know, girl I know, that you really want it bad I'd be lying if I said I wasn't tempted All the things we used to do I knida missed it There ain't nothing you can give that's as good as this [Chorus] [Ghostface Killah] Ayo I'm laid back on the couch, chain out Watching the rain hit the window pane, my lotto numbers came up Just last night I told my boo listen, take off your scarf Gloves and hat, I got things I need to air out See, remember that time up in the Grand Marquis We was poppin made pain up in the grandpa suite And in that night we made love, the phone rang twice And uh you answered it, and you asked me who the bitch was Stephanie, I met her at the coffee shop Spare what you need, we connected from the gate, we popped I swear to God there's no other woman that made me feel what I feel See what I see, this girl brought chills to me Uh, and the thought of losing you yo is killing me Your
