Every night I see the most horrible things
Murder, rape, genocide, torture, catastrophes
Terrible wars with weapons we can't even imagine
today

They will come with ships on the water
And with unbelievable speed through the air
With fire and gaz and invisible vapours
They will destroy everything - everything

Would you dance with me
Touch my body
Would you care for me
Just let me know
All I need is the air that I breathe
Is the air I breathe
Just let me know
All I need is the air that I breathe
Is the air I breathe

The air that I breathe

It's a tragedy
The end is near
Discover me
You have the key

All I need is the air that I breathe
Is the air I breathe
Just let me know
All I need is the air that I breathe
Is the air I breathe

The air that I breathe
The air that I breathe
The air that I breathe
