Verse 1 - teddy montana

The economies at its lowest,
People starvin'. they wanna talk about Britney
While terrorists plottin' to blow up the garden.
Obama/Hillary, lets make peace
Instead of using bush's artillery.
World war 3, we about to see a trilogy
Oil killin' the poor.
Why hasn't natalie holloway's body floated up to the
shore?
He admitted on tape.
How come if America's doing so bad
Mj and Tiger Woods dont give up some of their cake?
Fuck a repub. they got me stressed to the max.
How come i've been dissed 4 times in the last year?
Been rappin for 8, now cats wanna serve me on wax.
Seen i got some shine, now they want to be a part of
my tracks.
Hopin' my career saves their life. i aint the bitchin' type,
You better off slittin' your wrist with a kitchen knife.
While your on my nuts i'm at home blazin' fire gettin'
right

Hook - teddy montana

This is America, where you be who you wanna be.
We thrive off power, respect, & honesty.
Vote democrat if u wanna fix the economy.
Come follow me or else be beggin' for mercy.
If mccain's elected we bout to see more controversy.

This is America, where you be who you wanna be.
We thrive off power, respect, & honesty.
Vote democrat if u wanna fix the economy.
Come follow me or else be beggin' for mercy.
If McCain's elected we bout to see more controversy.
This is America, where you be who you wanna be.
We thrive off power, respect, & honesty.

Verse 2 - wreck it

Why so many cats fake as fuck?
How come u gotta juice the roids just to make the cut?
Every other day a kids missin',
Iraq soldier dead, still sufferin' katrina victim.
Fuck the system but we far from the past.
Everybody eyeballin' dow jones
Waitin' for the stock market to crash.
How come the more hours i use to work the harder they
taxed?
Mininum wage went up this year, so did gas.
Cancel out the extra pay, 8 years of Bush before the
kids
Finally hit the polls on election day.
The nations divided instead of at whole.
Terrorists got us controllin' borders on a country we
stole.
They degrade the U.S. they used to admire us.
Tornados and wildfires off to Cali with the firetrucks...
Shit's crazy man
