[sung: Francisco]

However you want it baby girl,
You let me know and I'll do
Anything you want to

[spoken:]

Turn your speakers up
Let's go!
Official Remix
Francisco, Nicole where you at baby?
Let's do this

[sung:]

Baby all I know,
Is that when you look at me
You got me feeling like I'm on top of the world
On top of the world with you baby girl,
You got me feeling like I'm on top of the world

And you know
That when I look at you
You're gonna get it
However, whenever you like

However you want it baby girl,
You let me know and I'll do
Anything you want to

'Cause there's just something about
The way you do it to me

I do what I think you like, I do what I think you like,
I do what, I do what, I do what I think you like

Just let me know what you want,
I'm here to satisfy

I do what I think you like, I do what I think you like,
I do what, I do what, I do what I think you like

[Nicole:]

Boy, you want my body
Wanna ride it like a Harley
Once or twice around the block
I bet I'll have you saying "Whoa, whoa"
First stop, let me pop
Drop like a helicop
Pay attention on me
While I show you the scenario
You charming me boy
Yeah boy, you're charming me
Just like this beat is gonna do on the radio
I thought you knew me
By the way you're talking to me
You get any closer to me
Then I might just have to let it go

There's something 'bout
That cocky thing
You got me wanna see
What's really going on

(Ladies and gentlemen)
I do the thing
I do the thing you wanna
(I know what you want)
I'm gonna do
Do anything you wanna
(She hot as a stove)
I do the thing
I do the thing you wanna
(Her name is Nicole)
I'm gonna do
Do anything you wanna

I do whatever you like
I do whatever you like
I can do, I can do
I do, I do whatever you like
I do whatever you like
I do whatever you like
I can do, I can do
I do, I do whatever you like
(Yeah, work it out girl)

Make a bed
You put the cat in the nap
I'll tell you what side I get
All night lover
See the cheek
Wanna see me make it speak
Watch it while mommy teachin'

I won't stutter
I can tell you ain't never had a touch
Hood up while I show this much
I'll do that for ya
Playing a step
Promise I can make it rain
Let me see that sugar king
You like that, don't cha?

There's something 'bout
That cocky thing
You got me wanna see
What's really going on

(Oh, Ladies and gentlemen)
I do the thing
I do the thing you wanna
(I know what you want)
I'm gonna do
Do anything you wanna
(She hot as a stove)
I do the thing
I do the thing you wanna
(Her name is Nicole)
I'm gonna do
Do anything you wanna

I do whatever you like
I do whatever you like
I can do, I can do
I do, I do whatever you like
I do whatever you like
I do whatever you like
I can do, I can do
I do, I do whatever you like

[rap: T.I.]
Hey, see me in the back
Chick like that
Get you to run around
But I can hit it like that
I said you run around
I'm the shit like that
Eat it, beat it, 'til it's swollen
You gonna need an icepack
I'll tell her big thang poppin'
Let me hear you say that
Lay back, play that
Purp kush, blowing in the may back
Work my company
Three year and you're wanting me

Imagine what they done to me
On top of me, up under me
Accept no imitation baby
Other can't be hatin'
And they'll be all in ya face
I mean all in the wussy
See, I can take you on vacation
A weekend ball in the A
You hit me up 4 in the mornin'
What you callin' to say, shorty?

Something 'bout
That cocky thing
You got me wanna see
What's really going on

(Ladies and gentlemen)
I do the thing
I do the thing you wanna
(I know what you want)
I'm gonna do
Do anything you wanna
(She hot as a stove)
I do the thing
I do the thing you wanna
(Her name is Nicole)
I'm gonna do
Do anything you wanna

I do whatever you like
I do whatever you like
I can do, I can do
I do, I do whatever you like
I do whatever you like
I do whatever you like
I can do, I can do
Wait a minute, motherfucker

I've been looking all night
Wanna kiss it one time
Mommy, do what you like
Go head pull it, pull it, pull it, pull it

First you gotta get it right
I can love you long time
I become a big crime
Then I'll
Pull it, pull it, pull it, pull it

What she want it uptight
I promise a good night

Girl, you're gonna sleep tight
When I pull it, pull it, pull it, pull it

Wanna look at your eyes
When you get the big prize
Gonna give it a kind
When I pull it, pull it, pull it, pull it
1c09
