You got me high and wasted like a pair of jeans
Got me drunk off wine like a pair of teens
You the kinda girl that usually appears in dreams
And I'll admit that I'm addicted like a pair of fiends
So I wanna know if love hurts, where the bruise at
If only fools fall in love, where the fools at
'Cause I'd rather be a fool than a fool without you
And let another dude around you
I know it sounds lame, but there ain't no shame in it
I wanna take away your name and put my name in it
And love is what it is, so you gotta take the sh*t
And the tears and the fights and the games with it
Loving you, that's the easy bit
'Cause at times when you're [???] breezy sh*t
But it's still love nonetheless
And we the only ones that matter so let's f*ck the rest
It's like

[Chorus]

Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby, think about it
Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby
So let's do it all over again

Yeah, it's me and you against the world if we have to
Be a sucker for you, I'll be glad to
'Cause I'd rather be a sucker for you
Than let another dude love you, I'll be double the fool
Don't need nobody else, we ain't trying to chauffer it
Get on that [???] and be at [???]
We might end up with nothing but a whole lot of loving
Even if it's so, we gotta show for it
I got two cents in my ear, but I hear none
Just begun, and we're nowhere near done
No such thing as a perfect love
And it'll get better, we just gotta work for love
We could try a little more, we could fight a little less
No 'S' on my chest, and I know we ain't the best
But it's still love nonetheless
And we the only ones that matter so let's f*ck the rest

It's like

[Chorus]

Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby, think about it
Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby
So let's do it all over again

[Chorus]

Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby, think about it
Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby
So let's do it all over again

I go off and say things that I don't mean
'Cause pain, no codeine
And you're still 'round holding it down
If your love is a drug, I'mma OD
Remember when you told me
You ain't never letting go of me
And you're still 'round holding it down
If your love is a drug, I'mma OD

I go off and say things that I don't mean
'Cause pain, no codeine
And you're still 'round holding it down
If your love is a drug, I'mma OD
Remember when you told me
You ain't never letting go of me
And you're still 'round holding it down
If your love is a drug, I'mma OD

[Chorus]

Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby, think about it
Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby
So let's do it all over again

[Chorus]

Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby, think about it
Everybody get a little crazy, baby, baby, crazy, baby
Everybody get a little crazy, baby, baby
So let's do it all over again

All over again
So let's do it all over again
