Yeah, Yeah, uh, look  
See I'm so high in this sh\*t, my pals be the clouds,  
It's like I'm spitting marijuana when I'm opening my  
mouth,  
God given, I'm taking, 808 heartbeats in my systems,  
Flow so dangerous, it's so cautious, I land bodies in  
asylums,  
What's drama to a cobra, strike you, leave you in a  
coma,  
And I could bring your whole career south, Georgia,  
That's so ill, but that's the way I feel,  
Medications can't help me heal,  
I broke a rule or two, but homie that's the way I do,  
If I'm wrong for keeping it real, wrong me till my tomb,  
That's the code I live by, stayed engraved in my mind,  
See I'm designed for the shine, assigned for the front  
line,  
Let me refine your mind, numero uno spot is mine,  
Don't try to cross the line, Rich J could be unkind,  
My words be your reminder, I suggest that you abide,  
I'll chill for the moment, let my soul take a flight

Zonin' out, I need a break from... parties life,  
So I'ma hop right in this spaceship and start,  
Zonin' out, I need a break from... parties life,  
So I'ma hop right in this spaceship and start,

I'm so high up ain't no dropping, I keep it moving no  
stopping  
My name ain't Mary but I'm known to get it popping  
Tryna see my money longer than pippy with the  
stocking  
So I keep my flo cleaner than a custodian mopping  
With an attitude n\*ggas on the side and they watching  
I show these birds how to get it you know they stay  
flocking  
I'm on a mission and nothing alters my vision  
Turning my dream into a reality you can continue  
wishing  
I feel I say a lot but I doubt that u listen  
You betta respect the mind and the grind cause I'm

straight killing  
Unless your paralyzed there shouldn't be any reason  
that your not feeling  
Unless your swimming in the Nile like African women  
This right here is only the beginning and by the end of  
it you know I'm  
Winning  
C Nicole... Richard J there's no limits  
We do it with ease ain't nobody effin with it.

Zonin' out, I need a break from... parties life,  
So I'ma hop right in this spaceship and start,  
Zonin' out, I need a break from... parties life,  
So I'ma hop right in this spaceship and start (x2)
