Standing in front of the mirror  
An avalanche of searing emotions  
Terrified and thoughtless  
A subject to condemn

Feeling alone  
Fearing away  
Terrified and hopeless  
A subject to regret

Energy of the young body  
Pulsing under the mental  
Closure, panicking within  
Failure - the cardinal  
Cause, devoid of motivation  
The emptiness inside your mind  
The obstacles drain you of spirit

Drain you of spirit

No thoughts, devoid of reactions  
More desperation breeds  
Nailing me down

No vision, I drown in social void  
It still remains  
Nailing me onto this cross

The struggle inside is pathetic

There is no one, there is no word, there is no way to set  
me free  
There is no one, there is no word, there is no way to let  
me be

There is no one, there is no word, there is no hope -  
obscurity  
There is no one, there is no word, there is no hope -  
eternally

The lack of friends, to comprehend  
To listen, to find caressing words

I reach my hand to the void again  
The beat of the young heart condemned

There is no one, there is no word, there is no way to set  
me free

There is no one, there is no word, there is no way to let  
me be

There is no one, there is no word, there is no hope -  
obscurity

There is no one, there is no word, there is no hope:

No thoughts, devoid of reactions  
More desperation breeds  
Nailing me down

No vision, I drown in social void  
It still remains  
Nailing me onto this cross
