[Kat:]

Can you feel the noise
Cuz it goes boy, boy, boy
Can you feel the noise
Boy, boy, boy
All night

[Verse 1: Omarion]

I respect your time
Don't mean to hit you on a work night
But what I gotta do girl (do girl)
Baby can't you bend them rules
Becuz tonight I wanna bend you
I promise it won't hurt (won't hurt)

[Pre-chorus:]

Stop actin' like I'm actin' up
Cuttin' off the cut up
Worked up like what the f**k
Won't you pick up the phone
Girl I know you alone
Cuz you the only one
I'm stuck

[Chorus:]

Did I miss that cut off time
Used to be down did I drop the dime
(Hey girl) Eh shawty I'm comin' home
Big daddy tryna make you moan
You gonna miss out
(She said)
It's cut off time
(She said)
It's cut off time
(She said she said)
No not tonight this time I mean it mean it
(She said)
It's cut off time
(She said)
It's cut off time
(She said she said)

No not tonight this time I mean it mean it

[Kat:]

Boy we've been through this before
Boy don't want this anymore ohh

[Verse 2: Omarion]

Stop frontin'
Tell me who you think you foolin'
Playin' hard to get
(I'm hard to get ohh)
Ain't tryna do nothing ohh
Unless it's you (you you)
Tell me you can resist girl (resist girl)

[Pre-chorus:]

Stop actin' like I'm actin' up
Cuttin' off the cut up
Worked up like what the f**k
Won't you pick up the phone
Girl I know you alone
Cuz you the only one
