[HOOK]

I wanna break it and roll it Twist it and smoke it Break it
and roll it And
Then, we'll light it up We'll light it up I wanna break it
and roll it
Twist it and smoke it Break it and roll it And then, we'll
light it up

[Verse]

I'm higher than Mt. Everest
Ain't my flow the cleverest
Goku blunts, nimbus clouds
Get up on my level bitch
Got up on my Federline
Knock me up some rich chicks
One black, one white
Both crazy over this dick Kushie!
Al Green inside my Swisha Sweet
Break it down stuff it fat
Pearl it pro nice and neat
She like the way I ride the beat
I love it when she ride me more
Give her bone, dinosaur
Push that button like I'm George Bushie!
Beat the pussy like it stole something
Hot pussy on my face like a stoves on me
Good kush, long kush like a grove on me
Didn't know that pussy rapped
But look at how it flowed on me
