Hey, little girl, I'm in a whirl  
I've been a bad, bad boy  
I'm on my knees, forgive me, please  
I've been a bad, bad boy

I'm not the man you think I am  
I give you a warning  
You'll wake up and find me gone  
Some sunny morning

Things that I've said run through my head  
I've been a bad, bad boy  
My past is black, I'm coming back  
I've been a bad, bad boy

In my time I've done a lot of things  
I'd better not remember  
But you see such a change in me  
I'm making you forget

Your resolution  
To run it out from this confusion  
You got to face it, I'm a loser  
I'm just a clown when I'm down

And while you sleep, I softly weep  
I've been a bad, bad boy  
Here come the night, we'll be alright  
I've been a bad, bad boy

Just hold my hand, I'll take you where  
The sun and moon are always shining  
One fine day you gonna turn to me  
And see a silver lining, yeah

I've been a bad, bad boy  
I've been a bad, bad boy
