kule)

(Kom hjem ? f? komla med dott i...)

1V: Can't ride no skateboard to save my life, but it  
don't bother me no  
Cause I got my own thing and I do it in my own time  
If me and my crew don't bother you why do you bother  
with bothering me too  
Why be cruel to your own kind?

1B: Cause its all about the hizao, and the grizzle, the  
hammer and the chizzle  
That makes you cool and popular, but who needs  
popular?

Ch: Don't you know I'm about it 'bout it baby?  
Don't you know I'm about it 'bout it baby?  
Don't you know I'm about it 'bout it baby?  
I'm about as 'bout it 'bout it as anyone could ever be

2V: Ain't got no piercings to show for myself, cause my  
nipples are free  
To be what ever they want to be without no pressure to  
follow the lead  
I don't care about your tribal connections which you lied  
about  
Which really came out of a knitting pattern from your  
mamma's old magazines

2B: Cause its all about being in the right place following  
the rat race  
That makes you cool and popular, but who is popular?

Ch: Don't you know I'm about it 'bout it baby?  
Don't you know I'm about it 'bout it baby?  
Don't you know I'm about it 'bout it baby?  
I'm about as 'bout it 'bout it as anyone could ever be
