I met this girl for the first time on Saturday night  
Standing in the queue at the Odeon alright  
Then I took her by surprise  
When I threw her one of my lines  
She started smiling and being real fine  
That's when I say-ay-ay-ay-ay-ay

Can I sit next to you  
girl?

At intermission we were doing alright

Until this guy came up and stood by her side  
Then he took ME by surprise  
When HE threw her one of my lines  
She started smiling at him real fine  
That's when he say-ay-ay-ay-ay-ay

Can I sit next to you  
girl?
