"Give It Up"

Ooh yeah
Well there'll be no words of fightin'
Around here
'cause I have had ??????
Cause it ain't clear
Well it could be on a Monday
Or it could even be a Sunday
So if you can't stand the distance
You better disappear

Do I make myself clear?
I'm ready to rock
I'm gonna rip it
Ready to rock
Yeah I'm gonna stick it
Give it up give it out
Whip it up all about
Stick it up, shout it loud
Come on
Give it up
Give it up
Give it up
Give it up

Oh yeah
Well it's a big storm a howlin'
Around here
And there be no one a sinnin
And no beer
I'm gonna aim to fire a rocket
There ain't no damn way to stop it
I got a sure fire bullet
To get you out of here

I said do I make myself clear?
I'm ready to rock
Yeah I'm gonna whip it
Ready to rock
Yeah, I'm gonna stick it
Give it up give it out
I said whip it up all about
You gotta stick it up, shout it loud
Come on
Give it up
Give it up

Give it up
Give it up
I'm going crazy on ?????????
Take your pick of anything you like
Give it up
Give it up
Sittin' pretty, all ready to bite
She give it up I get a cream delight
Give it up
Give it up
Give it up
Give it up
Give it up give it out
Whip it up all about
You gotta stick it up, shout it loud
Give it up all around
Giving it up
Give it up give it up
Give it up
Giving it up
Whippin' it in and whippin it out
Giving it up
Stick it up, stick it out, stick it in
Giving it up
Give it up
All around
Give it up
Give it up
Give it up
Give it up
Giving it up
Sticking it out
Giving it up
Giving it up
Come on
Give it up
Give it baby
Do I make myself clear?
