Wrong track, wrong line  
First train to run on time  
Bad blood, bad news  
Long rope, got nothing to lose  
Mad bull seeing red  
Coming at me, happy when I'm dead  
Jump a fence, get away  
Ain't got a liking for the games he plays  
What you gonna do?  
Everybody trying to find you guilty  
Make you wanna toe the line  
Saved by, saved in the nick of time  
I was saved in the nick of time  
Slow plane, hard rain  
Cold sweat and I feel the strain  
Look down, no ground  
Black sky, just the engine sound  
Bail out, goodbye  
Take my chances, I don't wanna die  
Count ten, just pray  
The nick of time can save me any day  
What you gonna do?  
Everybody love a hero, honey  
Living on a danger line  
Saved by, saved in the nick of time  
Yeah, saved in the nick of time  
Lose sleep, get grief  
Some day get no relief  
Quick punch, closed eye  
You didn't knew it and you wonder why  
Lynch mob on your tail  
Think they were searching for the holy grail  
Leave town, get away  
I didn't figure on them anyway  
No I didn't today  
Everybody trying to find you guilty  
Make you wanna toe the line  
Saved by, saved in the nick of time  
Right in the nick of time  
In the nick of time  
I was saved in the nick of time
