I'm hot
And when I'm not
I'm cold as ice
See me comin' [get out of my way]
Step aside [just step aside]
Or pay the price
What I want I take
What I don't I break
And I don't want you
With a flick of my knife
I can change your life
There's nothing you can do

Cause I'm a problem child

Make my stand
No man's land
On my own
Man in blue
It's up to you
The seed is sown
What I want I stash

What I don't I smash
N' you're on my list
Dead or alive
Got a .45
N' I never miss

Cause I'm a problem child

Every night
Street light
I drink my booze
Some run
Some fight
I win they lose
What I need I like
What I don't I fight
N' I don't like you
So say bye bye
While your still alive

Cause your time is due

Cause I'm a problem child
