Songtext: AC / DC - Some Sin For Nothin'

Sex and love

Ow!

Yeah

Ooh-ow!

Heroes, hard to find

Don't make the news 'til they're doin' time

Schemers turn the screw

They get the word and they drop on you

Lay down the law black of the night

Run up a score, ooh the price is right

Dealers looking round, wheel is turning round

Coming round on you

Yeah

Some sin for gold

Some sin for shame

Some sin for cash

Some sin for gain

Some sin for wine

Some sin for pain

But I ain't gonna be the fool

Who's gonna have to sin for nothing

Nothing at all

Nero, evil mind

He was born way before his time

Lead 'em down below

You got it right and away you go

You gotta lay down the rules, push up the price

Turn on the heat, put you on ice

Dealers looking round, wheel is turning round

Coming round for you

Ooh

Some sin for gold

Some sin for shame
Some sin for cash
Some sin for gain
Some sin for wine
Some sin for pain
But I ain't gonna be the fool
Who's gonna have to sin for nothing, yeah

Give it to me
Ain't gonna do that

Some sin for gold
Some sin for shame
Some sin for cash
Some sin for gain
Some sin for wine
Some sin for pain
But I ain't gonna be the fool
Who's gonna have to sin for nothing

Some sin
Ain't gonna sin for nothing
Some sin
You get nothing for nothing
Some sin Ain't gonna sin for nothing That don't make
no sense
