You've been ???? baby  
You've been singin' in the bed  
You've been actin' like a lady  
Not a dirty photograph  
Then tonight I came home early  
????  
It's been worryin' me honey  
Just what you're gonna do  
Stick around, yeah, stick around  
Stick around, babe, stick around  
When you came on like a hurricane  
About a month ago  
???? and bees  
Always on the ????  
All the good times ????  
All stayed in the past

All the good lays that I get  
Never seem to last  
Stick around, yeah, stick around  
Stick around, babe, stick around  
Come on baby sit on this  
What have I been doin' lately  
To make you wanna go  
I ????  
Now we can go out to a show  
Splendid night romances  
????  
Listen to me baby  
You'll be glad you stopped around  
Stick around, yeah, stick around  
Stick around, babe, stick around
