I have walked along the  
Paths of dark and light  
And I have seen the sunrise  
And I've seen the night

I've seen the calm before  
The storm and then the fight  
And now I see the sparrows  
As they begin to fly  
And all that's left  
For me to do is cry

I've had my view of happiness  
And my view of despair  
I've cleaned out all the cobwebs  
And I've learned how to compare

I've seen all of the circles  
And I've had my last affair  
And now I see the sparrows  
As they begin to fly  
And all that's left  
For me to do is cry

Thinking that I was lost  
Then finding the end  
To all beginnings  
Gave to me the key  
Made of lead and golden  
Freeing locks, Pandora's boxes  
Devils are expended  
And I'm finally free

And when all the  
Tears are finally cried  
And I am finally clean inside  
The gentle winds will come  
And they will dry my mind

And I will see the sparrow  
That need no longer fly  
And all that will be left

For me to do is die
