Fetish I am ashamed of  
Compulsion to do sick  
Involved in grotesque things  
That make others quake  
A stench so wonderful  
So unique  
Texture  
Solid but soft  
Repulsive degrading  
Shit on me  
Baby make me hard  
Make me want to cream  
Your load of waste  
Is something I want to taste  
Spread those heavenly cheeks

And let it release  
Flowing down on me  
A heavy stream  
Nice and brown  
My bounty of shit  
Delicious esscents, sends me into fits  
Face full of shit  
Clean up is a breeze  
Consumption is necessary  
I get on my knees  
Lick up the teasure  
Off the floor  
Intrenched in me  
Down to the pore.
