I see that smile  
Special with special needs  
No worries  
Taken care of  
Will follow I will lead  
Tied down  
My pilers  
Tighten on enamel  
Breaking teeth  
Chubby fingers  
Snapping bones  
Retarded screams  
Rusty blade  
Cutting flesh

Through the knees  
Lower missing limbs  
Blow torch, punish the retarded for living simple lives  
Rage of working  
Take it out on innocence  
Torturing for screams fun gory greed  
Special no more  
Just slabs of meat  
Taking it out on innocence.
