She got the boy
He got the girl
She was on cloud nine
He was up on top of the world
Puppy love
They would lasso the moon together

But he found another girl
When she had their boy
Anything for love
He said she was the only one
Nothing old - and nothing new
Now she's alone with baby blue
Listen what she had to say

Chorus:
It's not what I thought it would be
Not s'posed to happen to me
Wish I could go back in time
I am just sixteen
Not how I thought it would be
Here on cloud nine

Verse 2
There is a boy
There is a girl
In God's perfect time
Out there somewhere in the world
Just for you
You will lasso the moon - together

So will you trust the one
Who made the world
He invented love
And made the one you're dreaming of
But for now - and until then
Trust and wait on him
Listen what they had to say

Bridge:
Just you wait and see
Just you wait and see
It's not what you think it will be

You don't have to be the one to say
