I like toys just as much as the next guy
Cellular noise reachin' out to touch someone
But I don't rely on the creature comforts
I'll tell you why, I'll tell you why
They don't offer peace of mind
'Cause like grass and flowered fields
All this will blow away

Don't store any more treasure for yourself
Where moth and rust destroy
And the thief breaks down the door - steals your toys
Don't store any more, more
Don't you know there's a better life, a better life
So don't store any more treasure in this world
Store it up above the sky
Above the sky there's a place prepared for you
Above the sky the Creator's counting days
So why cling to what you cannot hold
Why miss the golden streets for fools' gold
'Cause like grass and flowered fields
All this will blow away

Don't store any more treasure for yourself
Where moth and rust destroy
And the thief breaks down the door - steals your toys
Don't store any more, more
Don't you know there's another life, another life
So don't store any more treasure in this world
Store it up above the sky
