Beyond my crasp  
Methods of attack  
Images swallowed up  
Power erupts  
Midnight madness  
Confusion romance  
When you 're gone  
Nothing is done

[Ref.:]  
Confusion romance call it an age  
Peace is where's more than romance  
If I hurt at all I hurt alone  
War is where's no lip control  
Questions -laced with clues  
I've seen losers, mirrors of fools  
Morbid letters home  
Too many jerks beating their bones

[Ref.:]  
Confusion romance  
Tired of feeling, feeling so close  
Tired of being used and abused  
I 'm not the comrade you thought I'd be  
Don't feel like hazel, hazel on the beach  
Now!  
Or never!  
Visions gone blind  
Empty inside  
Images swallowed up  
Power erupts  
Turning to hope  
In this moment of need  
Sick of tourists  
Time is what I need

[Ref.:]  
Confusion romance
