"First Kiss"

When I'd met you
I didn't think it would be like this,
You're so nice and gentle
Just like our first kiss,

Something I can't forget
That day the moment was set right,
We looked each other in the eyes
And cut off the light,

That's all we did that night
While listening to the jazz band,
Hugging and kissing
Hand and hand,

The jaws of life wouldn't have
Been able to pull us apart,
I'm not going to lie
You will always be in my heart,

Because when someone
Like you really touches me,
That tells me you're special
That's why I'm glad you're with me.
