Let my spirit go
Let my body roll
I can feel the heat
Play the music
Can you reach to me
In a wheel of freedom

I wanna see you dance by my side
I wanna feel the drums in the night
Yeah babe-can't wait till tomorrow
Fun is a touch and go

[chorus]
Play the music for me - for me, baby
And my music can set you free - woah woah
Play the music for me - for me, baby
If you're standin' by the fire you'll get burnt
Play the music for me - for me, baby
And my music can set you free - woah woah
If you're standin' by the fire you'll get burnt
Play the music

Dancing' next to me
Set my body free
Let me feel the beat
Play the music
You can't stop me now
In a wheel of power
