In a way I'm giving up,
I guess I should've known
That there's really not control.
Through the lies, the morning's bright
Wash the sun out of his mind

And oh, oh, oh...

And all the love that I have given by the side
The pain and the fight, the waiting up at night.
And I'm falling down again.

Another lesson to learn of love
Another message I guess I should've saw
And now I'm done.

My tongue is tangled and taste of chalk
I'm tired of running around the same old road
The sun is blind.

And oh, oh, oh...

And all the love that I have given by the side
The pain and the fight, the waiting up at night
I'm falling down again.
I hope my blood inside
Matches the one I can't deny

You've got to go with the motion, oh
Can you feel it in your bones?
You've got to know.
You've got to go with the motion, oh
Can you feel it in your bones?
You've got to know, know, know.

When you're in love.
When you're in love.
When you're in love.
When you're in love.

You've got to go with the motion, oh
Can you feel it in your bones?

You've got to know, know, know.

You've got to go with the motion, oh
Can you feel it in your bones?
You've got to know, know, know.

My breath inside match the one I can't deny
