She got my mind on the race

Baby girl let me see your face
You make me wanna go insane
But shawty wanna roll my braineeee

I told her that I love her, wanna make her feel it
Me withing your knee, you are lookin at the ceiling
IÂ'm revealing, but girl you appealing
If you stay hold then you are killin
You got my heart trippin, trippin

You got my heart screamin, screamin,
Brain hotting, hotting, eyes dreaming, dreamin
You got my heart screamin, screamin,
Brain hotting, hottie, eyes dreaming, dreamin
Eyes dreaming, dreamin

Lets pop the volume in da mid of the night

Dance, dickely, dickely
Shake, shake what you got

Ah, ah, ah, girl roll your wist
You wist, your wist,
All I want is your wist, your wist, your wist
All I want is your wist, your wist, your wist
All I want is your wist, your wist, your wist.
