I know you've been up
I've seen you flyin
Sometimes I'd wish
That you would fall down I'm tired of your act

You're not even tryin'
Any dreams of hope
Dashed all away

(I'll) take you down, so you can see me
Take you down, what you've done to me
Take you down, you're wanted by all below

Oooooohhhh Fallen Angel
Oooooohhhh Fallen Angel

Many times alone
I've been here waiting
(and) Many times again

I could not care less
(but) you've got a hold
And deep down I'm shakin'

But I won't let you make
A fool out of me
