I really thought that I was here
And in that breath
My lungs expand, my heart beats through my chest
I see my world from a daze
Learn to live with it, long enough to take it day by day

And all I know,
Is that I'm ready here,
Yeah, I'm waiting for you to take me from this place
And make it all okay
Because you're you

Now getting up, I hope we're here
A seat has bruised my back,
My neck is sore, my eyes can't focus
Yet my wheel is turning to the field
That's how it feels
Knowing everything we've done
Has just been fun while working out

And all I know
Is that I'm ready here
Yeah, I'm waiting for you to take me from this place
And make it all okay
Because I'm ready here
Yeah, I'm waiting for you to take me from this place
And make it all okay
Because you're you.

Come on and get it all
Come on and get it all
Come on and get it all
Come on and get it all

I'm ready here,
Yeah, I'm waiting for you to take me from this place,
And make it all okay,
Because I'm ready here,
Yeah I'm waiting for you to take me from this place,
And make it all okay
Because you're you.
