He's got a holster  
Filled up with grief  
I wouldn't want to cross his line  
I'd end up underneath

(He's) got an angry look of action  
Shoot off both your knees  
His gun was smokin  
Recently pleased

You don't wanna cross wits  
Better not try  
You couldn't learn his limits  
And you don't have the mind

Loser in a fight  
Loser in a fight  
Better learn to run  
Your winnin' days are done

He's a thinker you can see it  
Sometimes the eyes don't lie  
And if your head is empty  
He'll make your body die

I don't need his aggravation  
I'm better than the rest  
Better shut up or stand up  
( 'cause) soon will come the test

This would be the one guy to ignore  
If you wanna save your face  
From hitting the floor  
So now would be the right time!

This would be the one guy to ignore  
If you wanna save your face  
From hitting the floor  
So now would be the right time!  
I wouldn't want to cross wits  
Better not try

You couldn't learn his limits  
And you don't have the time
