

Ace Enders And A Million Different People "Reintroduction"

Visit "[Reintroduction](#)" on MotoLyrics.com

I've been a ghost, I've been a question.
I've been a mirror, a poor reflection.
I've been a myth in the passing years of my life.

I've been a loss by indecision.
I've been on all forgotten questions.
I've been a ghost for the past 8 years of my life.

And now, I surrender to you my love.
Now, I surrender to you my love.

The past 8 years I just wasn't enough, for your love, for
your love
The past 8 years I failed myself again,
'Cause I wasn't good enough,
I just wasn't good enough.

Pass me off
