Wiped Out!

I went to a party, just so smartly, cool as cool could be  
I knew I could make it, knew I could shake it, lose some  
fancy free

So I went to the table and reached for a bottle

And poured me a glass of wine

Took a few sips and looked around, I was feelin' fine

But an hour along, comin' on strong, I was gettin' drunk

The next thing I knew I looked at you, I was blind as a  
skunk, I was

Chorus:

I was wiped out, I had my lights out

Was fallin' right out, 'cos I was wiped out

Through the smoke-filled room I caught your eye

And I think that you caught mine

And I knew in a minute or maybe less, it was just a  
matter of time

Then you started to move with such a groove, stronger  
than sneakin' slow

Then you looked at me with your big blue eyes, they  
had such a glow

Then I took your hand and tried to stand and ended up  
sittin' back down

Then you smiled at me and gave me a wink, how quick  
I lost my frown, I was

Chorus

So I looked at you and then I knew that we were gonna  
have some fun

So I thought to myself, wine was out, we should switch  
to rum

So without a word, and like some bird, we flew to  
another place

And pretty soon we were in some room stretched miles  
out in space

The room was turnin', we were burnin', things became  
a haze

It seemed that already I had too many, firewater

caused the blaze, I was

Chorus repeats out
