"Between The Trees"

Visit "[Between The Trees](#)" on MotoLyrics.com

As you sleep between the trees I lay above you
dreaming
And in my bed amidst the leaves I can barely here you
screaming
And all the things that frighten me are circling in the air
It's no surprise they're telling me that it's raining
everywhere

As you sleep between the trees the apples have been
falling
And as I turn toward the breeze I can hear your mother
calling
And all the things that frighten me get tangled in my
hair
It's no surprise they're telling me that it's raining
everywhere

As you sleep between the trees I lay above you
dreaming
