If you're gonna kill yourself  
You'd better do it now  
Don't wanna hear that why me shit again  
If you're gonna piss and moan  
I'm throwing in the towel  
'cause this martyr rap is wearing pretty thin  
And it stinks to high heaven

If you're gonna fuck that girl  
Please keep it to yourself  
I'm not concerned with what you do in bed  
Don't care how it sounded  
Smelled or tasted looked or felt  
That kind of thing is better left unsaid  
Because it stinks to high heaven
