We say one thing
Then change our mind
Do we really know where we're going to
It only takes one voice
To tell the time
But all we get is who asked you
(Chor)
Look around you
Ain't it really sad
Doesn't anybody know the meaning of the word insane
Tell me the difference between right and wrong
You can't have joy without first the pain
Looking back to where we are now
Was it really worth the wait
Were getting nowhere fast
Just nearer to the date
When all the lie's
And all the tears
Will be thrown back in there face
It's won't be long now
But i can't wait
(Chor)
Look around you
Ain't it really sad
Doesn't anybody know the meaning of the word insane
Tell me the differance between right and wrong
You can't have joy without first the pain
