He's got a holster  
Filled up with grief  
I wouldn't want to cross his line  
I'd end up underneath

He's got an angry look of action  
Shoot off both your knees  
His gun was smokin'  
Recently pleased

You don't wanna cross wits  
You better not try  
You couldn't learn his limits  
And you don't have the mind

Loser in a fight  
Loser in a fight  
Better learn to run  
Winnin' days are done

Loser in a fight  
Loser in the night  
Better learn to run  
Winnin' days are done

He's a thinker, you can see it  
Sometimes the eyes don't lie  
And if your head is empty  
He'll make your body die

Don't need his aggravation  
I'm better than the rest  
You better shut up or stand up  
'Cause soon will come the test

You don't wanna cross wits  
You better not try  
You couldn't learn his limits  
And you don't have the mind

Loser in a fight  
Loser in a fight

Better learn to run  
Winnin' days are done

Loser in a fight  
Loser in the night  
Better learn to run  
Your winnin' days are done  
Done, done

This would be the one guy to ignore  
If you wanna save your face  
From hitting the floor  
So now would be the right time

I wouldn't wanna cross wits  
Better not try  
You couldn't learn his limits  
And you don't have the time

Loser in a fight  
Loser in a fight  
You better learn to run  
Winnin' days are done

Loser in a fight  
Loser in the night  
Better learn to run  
Your winnin' days are done

Loser in a fight  
Loser in a fight  
Better learn to run  
Your winnin' days are done

Loser in a fight  
Loser in a fight
