I think you're cute, you're a pretty girl  
That's why we're living in sin  
You always ask where I'm going  
Or find out where I've been

Have lots of fun, makin' love, girl  
But now you're making me sad  
No kisses or any sympathy  
Can make up for the past

You're a pain in the neck  
Pain in the neck  
You're a pain in the neck

I'm sick and tired of all your questions  
Stop telling me lies  
You always go around snooping  
Like a private eye

Don't want your love or your money  
So put the toys away  
Don't wanna hear you complaining  
Because you're leaving today

You're a pain in the neck  
Pain in the neck  
You're a pain in the neck

You gotta go, gotta go now  
But I must confess  
I'm gonna miss that good lovin'  
But you failed the test

You better think about your future  
Take a reality check  
You can't go around screaming  
You just better accept

You're a pain in the neck  
Pain in the neck  
You're a pain in the neck  
Pain in the neck

You're a pain in the neck  
Pain in the neck  
You're a pain in the neck
