Well, I see you starin'  
From the front row, girl  
With a challenge in your eye  
Darin' me to knock you out of your seat

And can't believe that a guy like me  
Could rock you till you're paralyzed  
And leave you beggin' for more  
Like a dog in heat

Now, if it's rock and roll you came for  
It's rock and roll you're gonna get  
Yeah, yeah, yeah, yeah, yeah  
We got your rock, right here  
We got your rock, right here

If you still don't understand  
I'll shout it out loud and clear  
We got your rock, right here

You got a backstage pass  
And a nice little ass  
And you say you want to take me home  
And I must admit, you really got me hot

And it's nice to know  
That I've won your heart

'Cause that's why I'm here you see  
But you won't get me as easy as I'll get you

Now, if it's rock and roll you came for  
It's rock and roll you're gonna get  
Yeah, yeah, yeah, yeah, yeah  
We got your rock, right here  
We got your rock, right here

If you still don't understand  
I'll shout it out loud and clear  
We got your rock, right here  
We got your rock, right here  
We got your rock, right here

If you still don't understand  
I'll shout it out loud and clear  
If you still don't understand  
I'll show you why we're here

We got your rock, right here  
We got your rock, right here  
We got your rock, right here  
We got your rock, right here  
We got your rock
