Change with the light

Change with the light
Turn, turn, turn around
Change with the light
Change with the light

Smile on my face
Like doctor Jekyll and Mr. Hyde
I'm changing
I change with the light
Who am I
Hiding away running from reality
Am a doctor in this game

Aaah

Change with the light
Turn, turn, turn around
Be my baby
Do it right
Stay for the night
Feel my vibrations
I will change with the light
Feel my body talk
Be mine
Never Stop
Shake it right
In the night

Change with the light
Change with the light

Morning has come
As the sun catches my face
Yesterday all was dark
I realise I'm alone with myself
I was dancing on the floor
In this light
I'm completely another me

Oooh

Change with the light
Turn, turn, turn around
Be my baby
Stay for the night
Do it right
Feel my vibrations
I will change with the light
Feel my body talk
Be mine
Never Stop

Shake it right
Change with the light
In the night
Change with the light

Rock it to the beat
While you're shaking my mind
Changing my face
Cause you were mine
Excited by your beauty
Makes me totally blind
Hypnotise me
Mess up my mind
All the voices

I can't resist my night sight
All the choices

That the daylight brings
Like a diamond
Sparkling and shining
All my hours
Don't don't stop the music

Change with the light
Change with the light
Change with the light
Oooh

Turn, turn, turn around
Be my baby
Stay for the night
Do it right
Feel my vibrations
I will change with the light
Feel my body talk
Be mine
Never Stop
Shake it right
In the night

Change with the light
Change with the light

Change with the light

Change with the light
Turn, turn, turn around
Be my baby
Stay for the night
Do it right
Feel my vibrations
I will change with the light
Feel my body talk
Be mine
Never Stop
Shake it right
In the night

Change with the light
Change with the light

Change with the light

Be my baby
Change with the light
Turn around
Stay for the night
Do it right (Change with the light)

Oh, change with the light
Feel my body talk
Never Stop
Be mine
In the night
Shake it right

Change with the light
Change with the light
Turn around
Be my baby
Stay for the night
