Into the night of blue, into the night of blue

Haven't heard your voice for a long, long time
Still you have me hanging on the line
Still thinking 'bout you

Haven't seen a smile upon my face
And I haven't slept a night for days
I go, I go

Into the night of blue
You don't know what I'm going through
Life is empty and sad without you
I'm living lonely, where's my baby?

Into the night of blue
I don't know what I'm gonna do
Life is empty and sad without you
I'm living lonely, where's my baby?

In my mind are pictures of the past
Telling me a story meant to last
Still holding onto

Days out on the beach out in the sun
Nights when I was still your only one
Now I go, I go

Into the night of blue
You don't know what I'm going through
Life is empty and sad without you
I'm living lonely, where's my baby?

Into the night of blue
I don't know what I'm gonna do
Life is empty and sad without you
I'm living lonely, where's my baby?

Funny how these memories
Only lead me back to you
They lead me back to you
I go, I go

Into the night of blue
You don't know what I'm going through
Life is empty and sad without you
I'm living lonely, where's my baby?

Into the night of blue
I don't know what I'm gonna do
Life is empty and sad without you
I'm living lonely, where's my baby?

Haven't heard your voice for a long long time
Still you have me hanging on the line
Now I go, I go

Into the night of blue
You don't know what I'm going through
Life is empty and sad without you
I'm living lonely, where's my baby?

Into the night of blue
I don't know what I'm gonna do
Life is empty and sad without you
I'm living lonely, where's my baby?

Into the night of blue, into the night of blue
