Look around me, look at what I've found Credits
Look around me, look at what I've found
People come and people go
And that's the way it is ,
What does it really matter
About twenty years after?
Specialise, we modernise
Make changes day to day
One day up and one day down
Let's call it fashion

Look around me - can anybody tell me what to do
Look around me - I only have eyes for you
Look around me - tumbling, stumbling upside-down
Look around me - Look at what I've found

Turn and turn, tell me what are you seeing
Clear your mind if you wanna be free

You know the city-slicks and politics
Now they don't bother me
As long as there's no ration
Of love and passion
Be cool, be kind
But don't be blind
To all the love I'm giving
Don't wait a minute
Get into living

Look around me - can anybody tell me what to do
Look around me - I only have eyes for you
Look around me - tumbling, stumbling upside-down
Look around me - Look at what I've found
Don't wait, don't be late
You don't have a second left to hesitate
Walk, talk, do it all
Nothing you can do will ever break the fall
Turn and turn, tell me what are you seeing
Clear your mind if you wanna be free
Turn and turn, tell me what are you seeing
Clear your mind if you wanna be free

Everybody
They need somebody
Everybody
They're looking at me
Everybody
They need somebody
Everybody
They're looking at me

Oh, look around me, look at what I've found
Look around me - I only have eyes for you
Oh, look around me, look at what I've found
Look around me - tumbling, stumbling upside-down
Look around me - Look at what I've found
Look around me - can anybody tell me what to do
Look around me - I only have eyes for you
Look around me - tumbling, stumbling upside-down
Look around me - Look at what I've found

Oh, look around me, look at what I've found
Oh, look around me, look at what I've found
